

Roofing Contractor Recycling Achievement Program

Real Recycling, Real Results

Today's roofing professionals have an extraordinary opportunity to be innovators in the commercial roofing industry by offering a green alternative.

Building owners and specifiers demand not only top-quality materials and installation; they also demand environmentally smart solutions.

Nationwide Foam will track all of the re-roofing material diverted from landfills; provide real time updates outlining the total number of pounds and square feet of material diverted from landfills.

Nationwide Foam's Roofing Contractor Recycling Recognition Program recognizes those contractors that encourage innovation in recycling.

Program milestones to achieve:

Nationwide Foam REAL RECYCLING - REAL RESULTS				
Material	Bronze	Silver	Gold	Platinum
EPDM / TPO	20,000 Lbs	50,000 Lbs	100,000 Lbs	1 Million Lbs
And /OR / Combination of both				
Rigid Foam Insulation	16,000 Square Feet	40,500 Square Feet	81,000 Square Feet	270,000 Square Feet
